MEDIA RELEASE
TUESDAY 11th SEPTEMBER 2018
NEW CROCODILES MOVE IN TO WILDLIFE HABITAT

Australia's leading wildlife experience, Wildlife Habitat Port Douglas, has some brand-new residents of the scaly type.

Four new female Estuarine Crocodiles have moved into Wildlife Habitat in the billabong of "Predator Plank" which will open to the public on the 22nd of September.

They will reside with long term inhabitant 4.2-meter Estuarine Crocodile, Babinda, who has been at Wildlife Habitat since 2004.

Wildlife Habitats assistant manager Sybella Salter said she's happy to see the main attraction and final part of Predator Plank, the crocodiles, in place.

"The move went smoothly, and the four females are settling in with their new pal, Babinda," She said.

"It has been a big project and we can't wait to show off the brand-new attraction to our guests."

EXCLUSIVE MEDIA ONLY SNEAK PEEK

When: Wednesday September 19th, 2018.

Time: 11am.
